INSPECTION:

I conducted off-site response on May 28, 2015; 1310 hrs to 1315 hrs. Upon arrival, the wind direction appeared to be from the southwest evidenced by drifting dust from active manure handling. The dust was crossing over Salome Hwy.

I drove east on Salome Hwy and observed strong odor of chicken manure from just past 331st Ave to past Ward Rd.

I telephoned and emailed Shari Yeatts, Compliance Manager of my complaint response and observations.

End report.
